27 July 1951

MEMORANDUM FOR: LT. COL. MULLER

SUBJECT: NSC 29

Mr. Hassell from your office came in to see me this afternoon respecting the item on Page 2 of the NSC Progress Report on NSC 29 which stated that CIA had been requested to provide an expert in plant security [redacted] 50X1 50X1

I have found out that although this office has concurred in the State Department's addressing such a note of request to us, the note has not in fact been dispatched and we have therefore not yet been formally requested by the State Department to supply such an expert.
